

# CLP TOOL

## WHAT, WHERE, & HOW

### Part 1

#### What is CLP Tool?

What is Custom Learning  
Planner Tool (CLP)? what are  
its benefits?

### Part 2

#### Where can be used?

Explore the use cases where  
you can integrate CLP Tool

### Part 3

#### How it works & Demo

Learn about the user joureny  
and watch a simple, 4-step  
demo of the CLP Tool in  
action!

# CLP Tool Development History

## eVELP

Research-based e-learning program that helps young migrants and refugees to become an excellent educator.

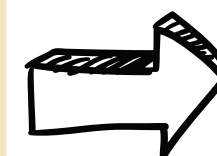

## RAISE

Follow-up project for optimizing the e-learning program with an AI-based customized learning plan.

## CLP Tool for Educators

Offering a customizable, reusable AI assessment and coaching tool to other educational programs.

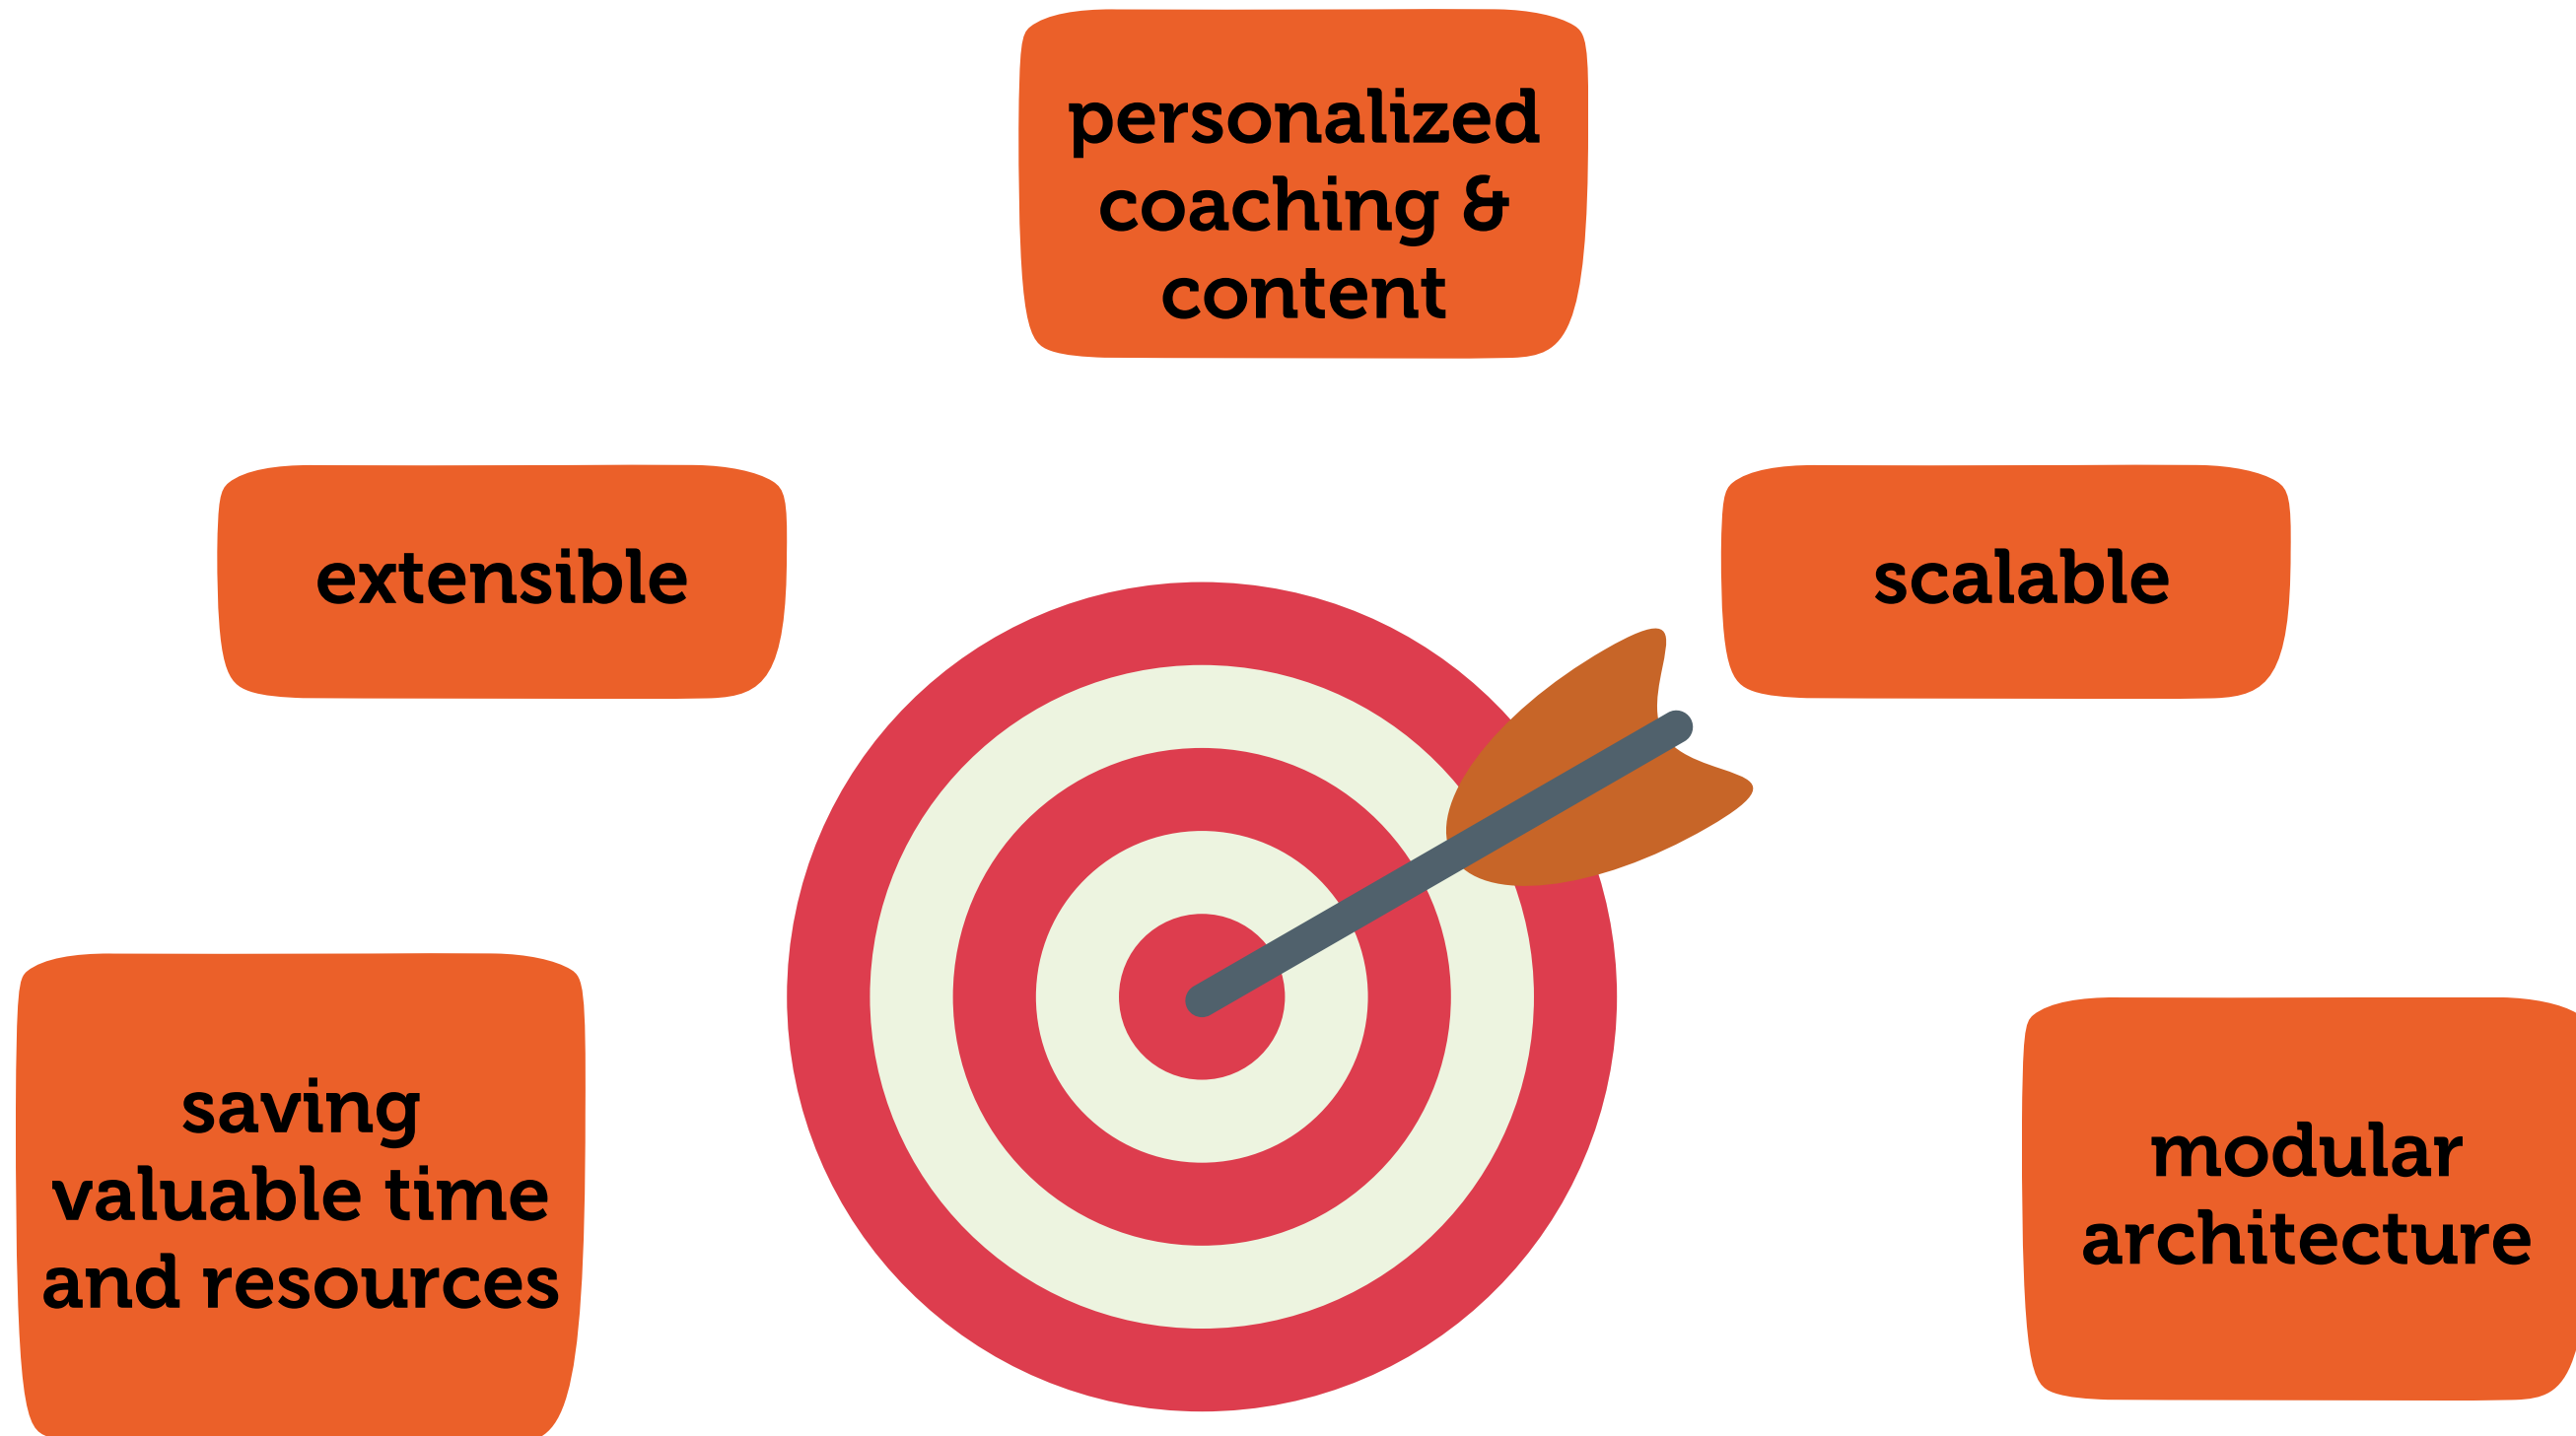

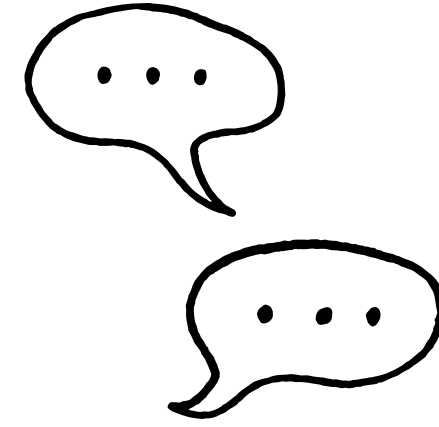

## CLP Tool for Online content providers

Any complex and large content that can overwhelm users can be offered in a personalized manner with the CLP Tool.

# CLP Tool Benefits

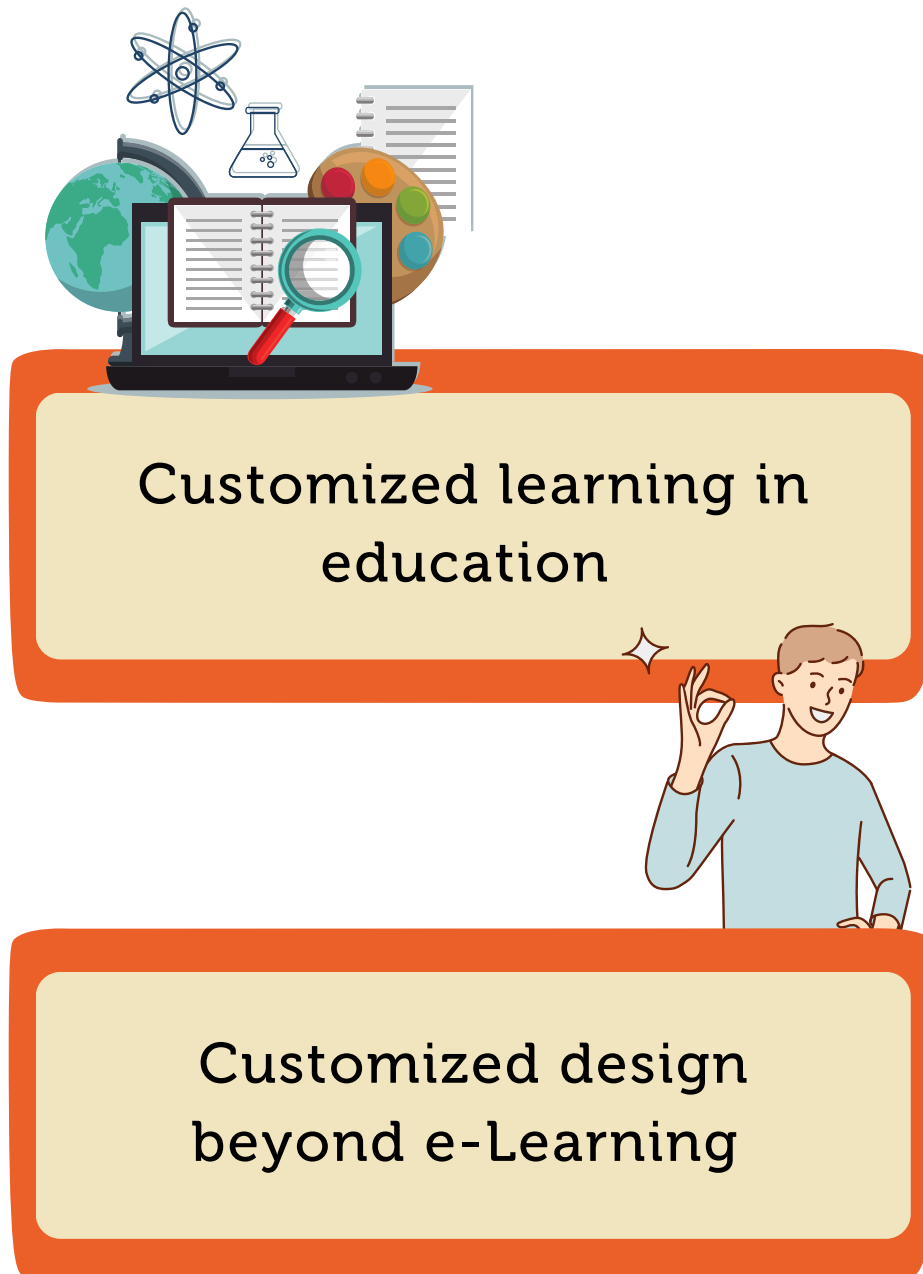

**There are various ways to use the CLP Tool in your system and let your target audience benefit from it.**

# Different use cases and their shared benefits

- Reduction of redundancies and focus on personal learning paths
- Maximum efficiency during the process
- Categorization of content

# Brainstorming: Potential Use Cases for the CLP Tool

## Database of Articles and Blogs:

- Offer personalized content based on user preferences.

## Large Online Tutorial:

- Provide personalized tutorials based on user needs & experience.

## General Use Case:

- Any complex & large content that can overwhelm users can be offered in a personalized manner with the CLP Tool.

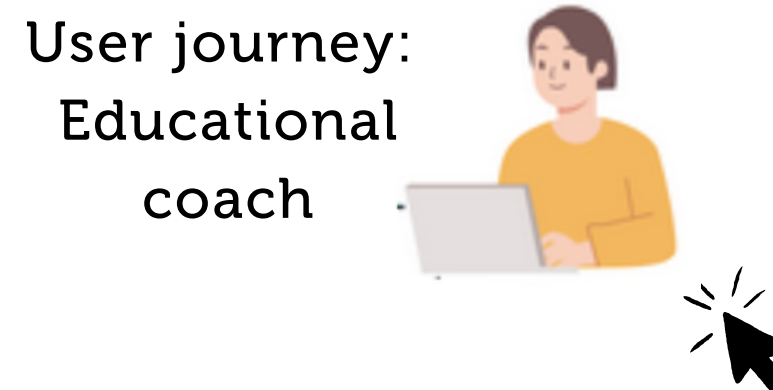

# Different perspectives

**The service is used by two different users**

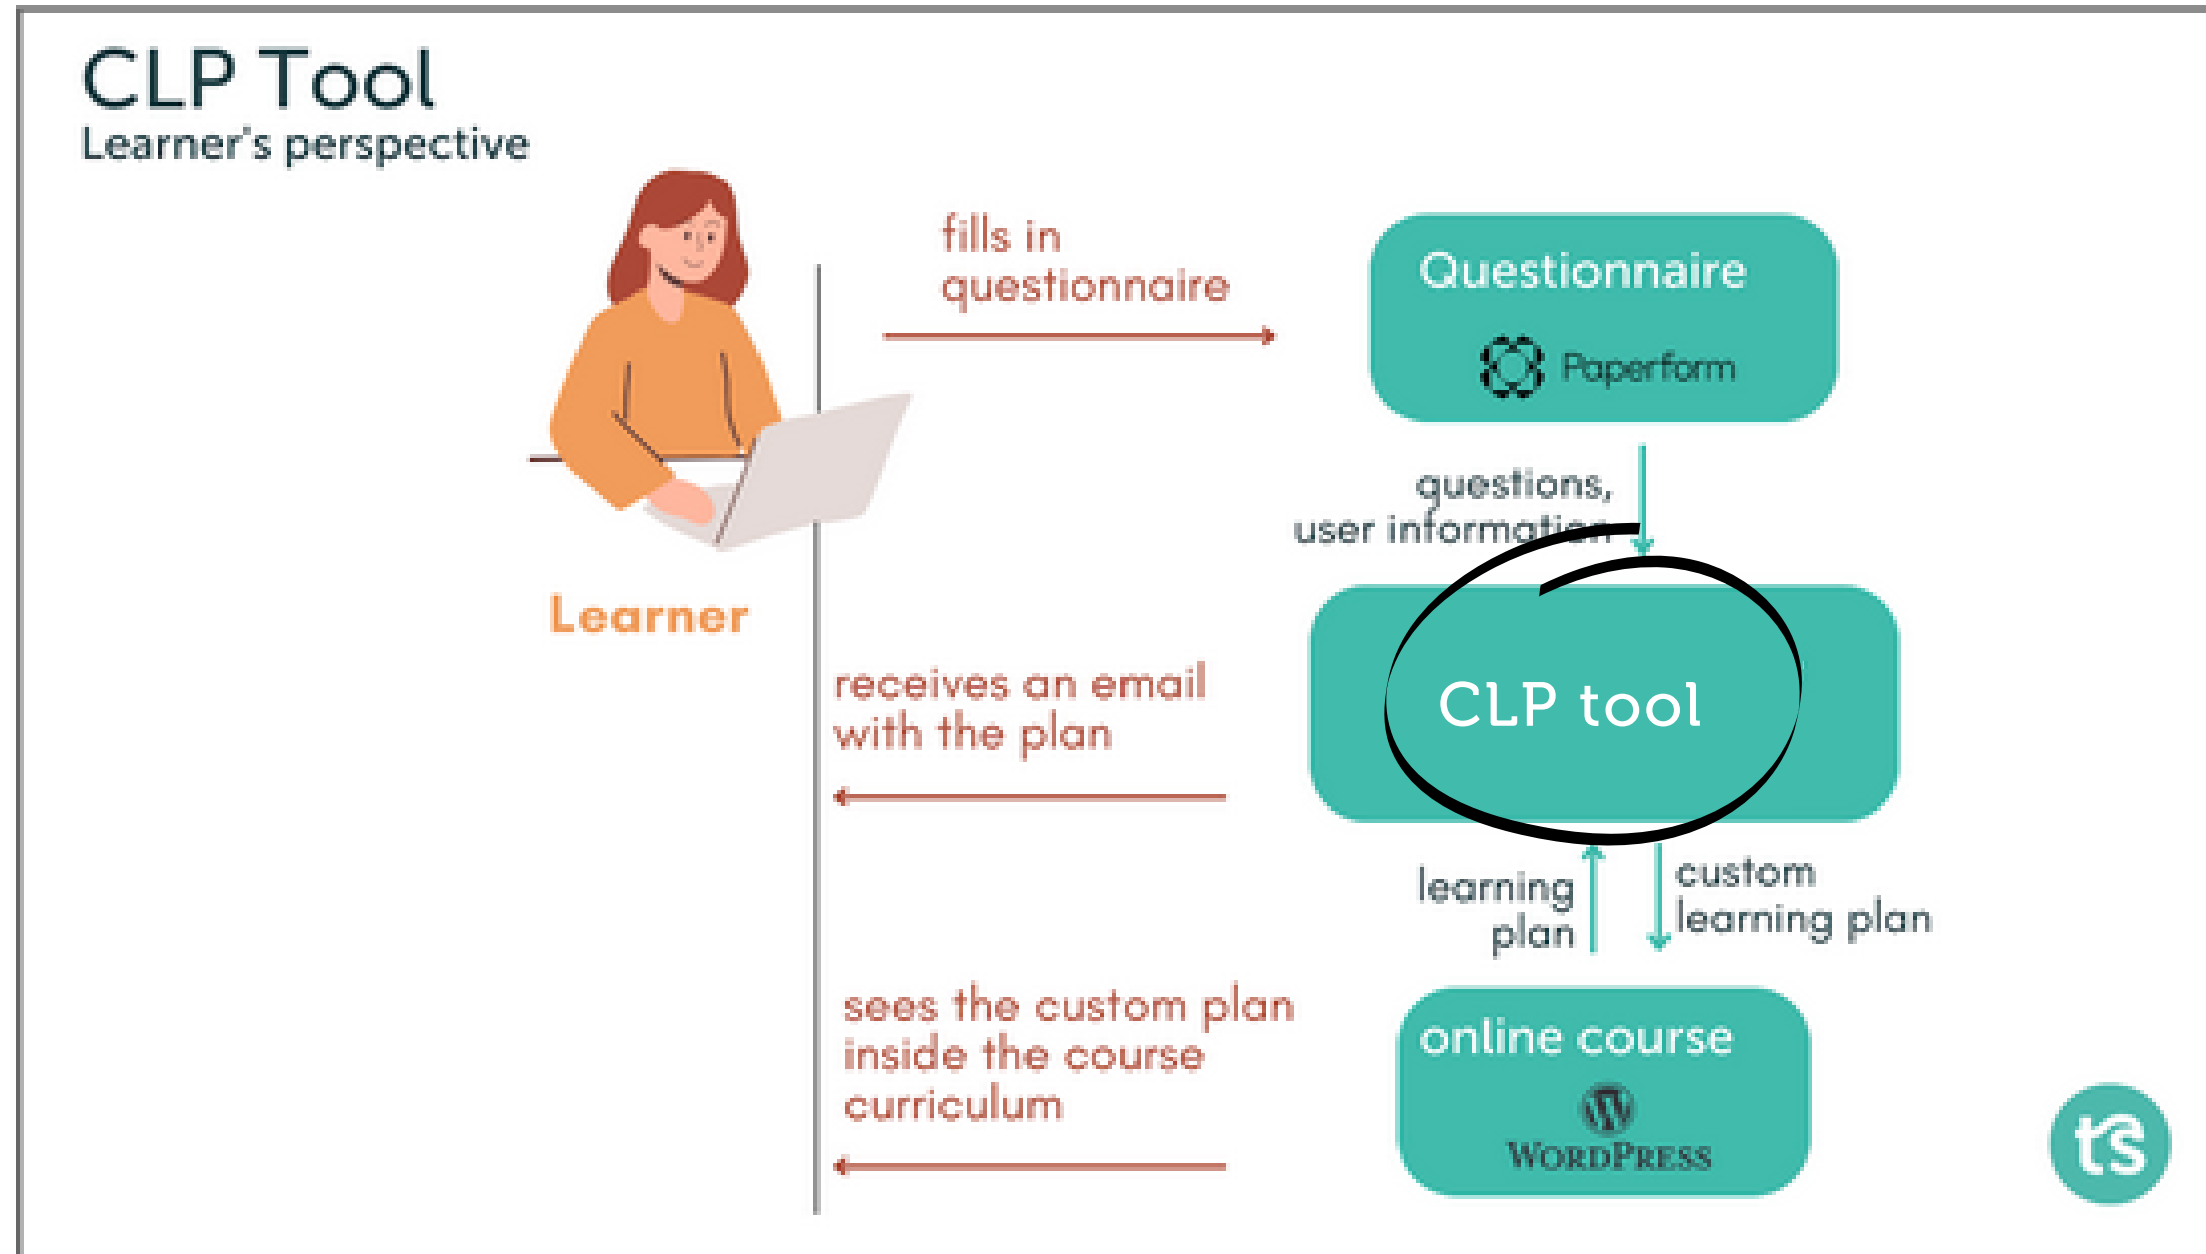

User journey:  
Learner

User journey:  
Educational  
coach

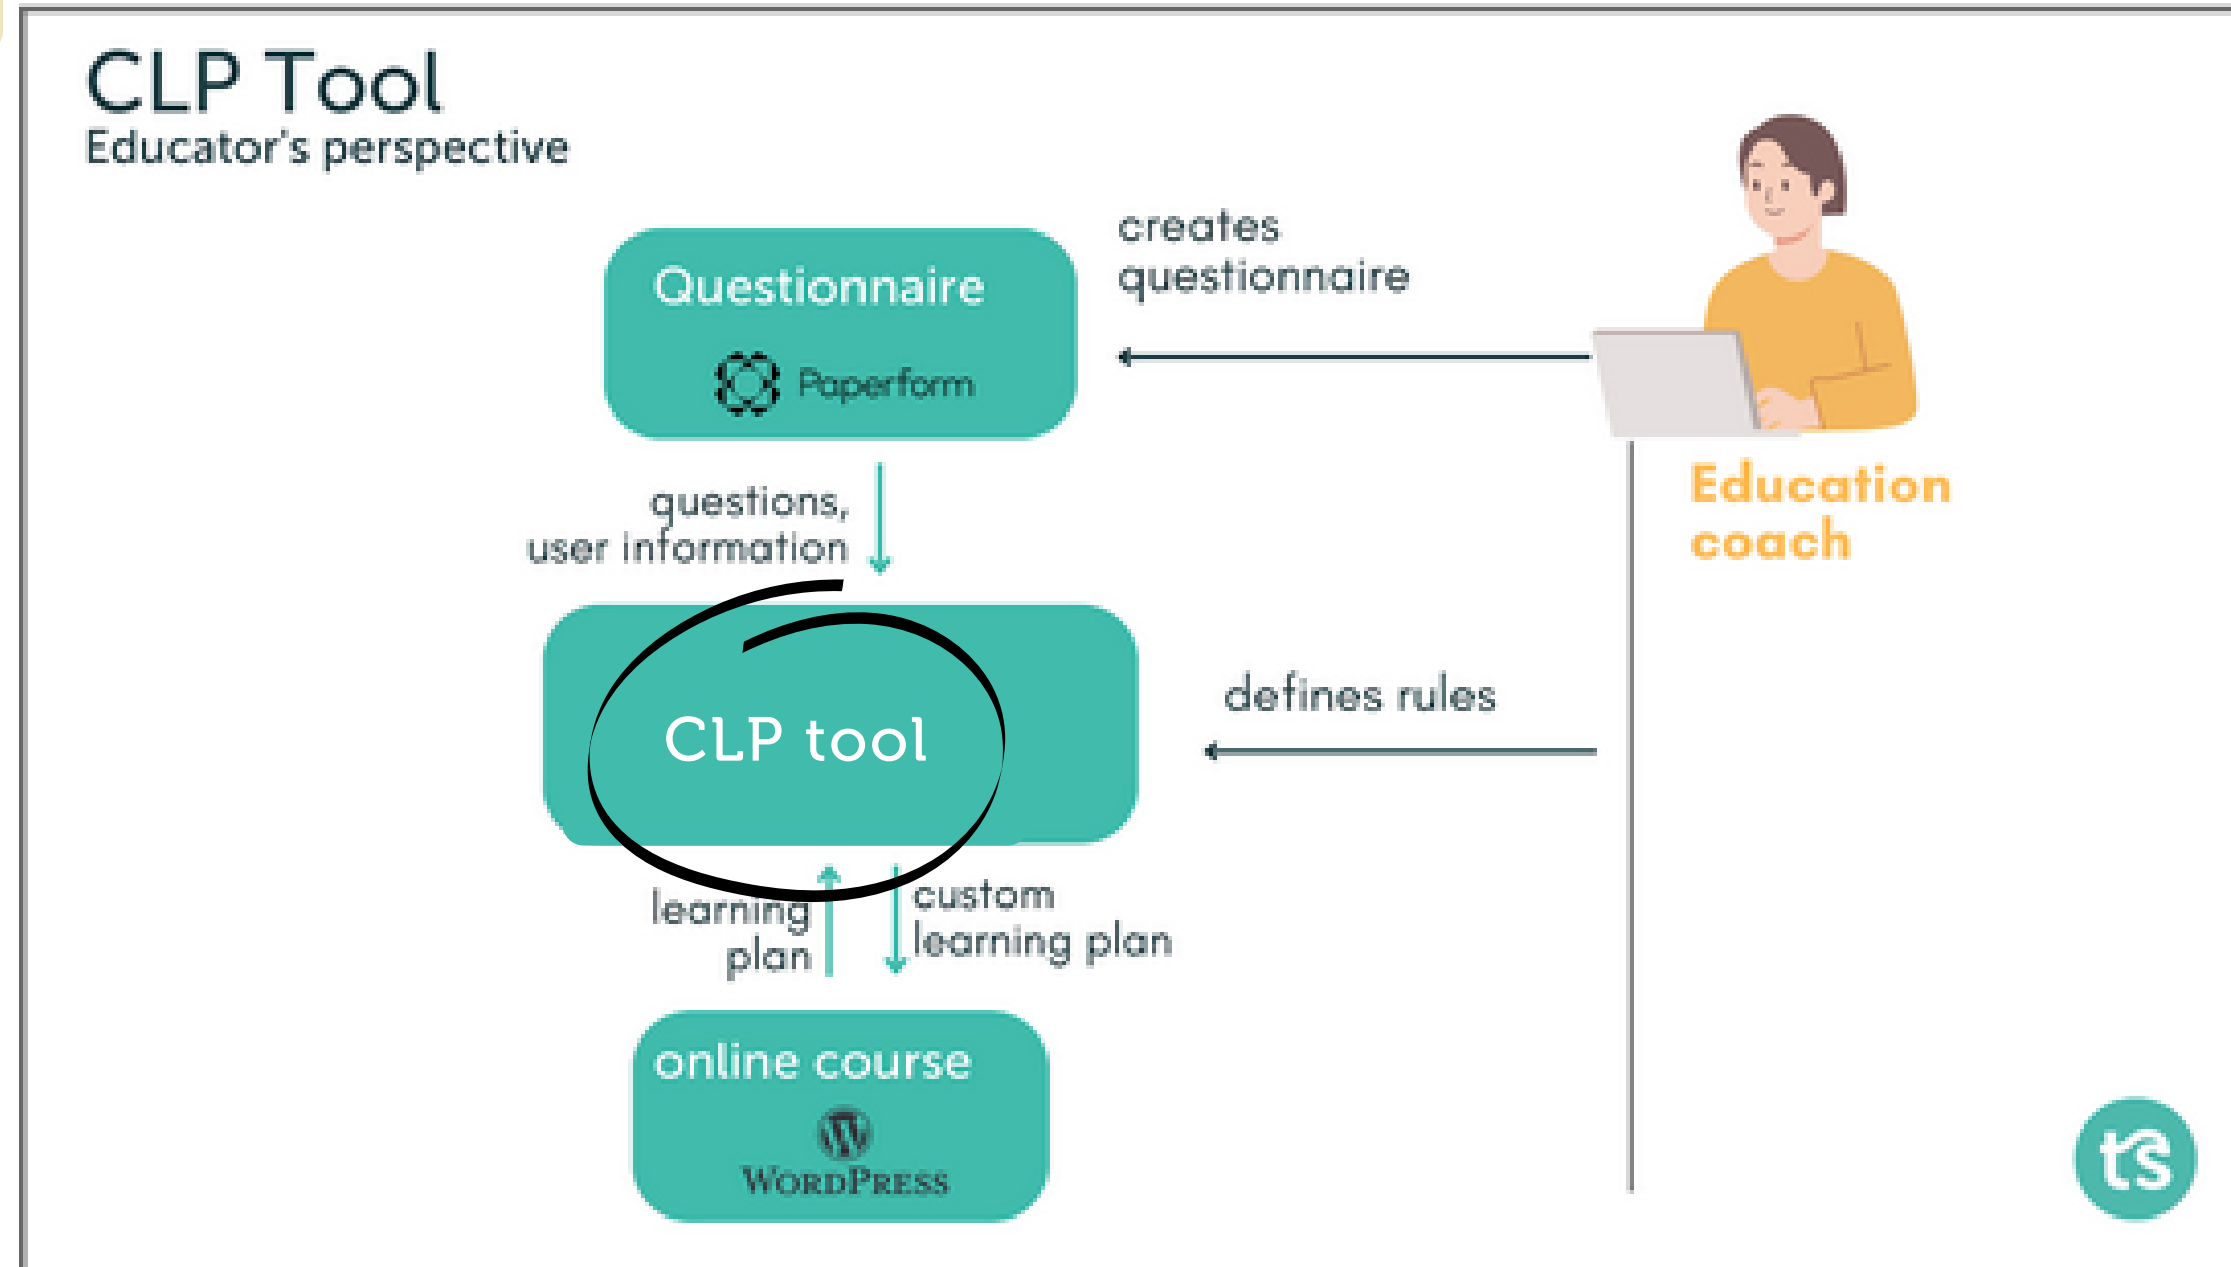

User journey:

User journey:  
Educational coach

# How to proceed with the CLP Tool

1

Create your  
online course

If you need any inspiration on how to create brain-stimulating university-accredited online courses:

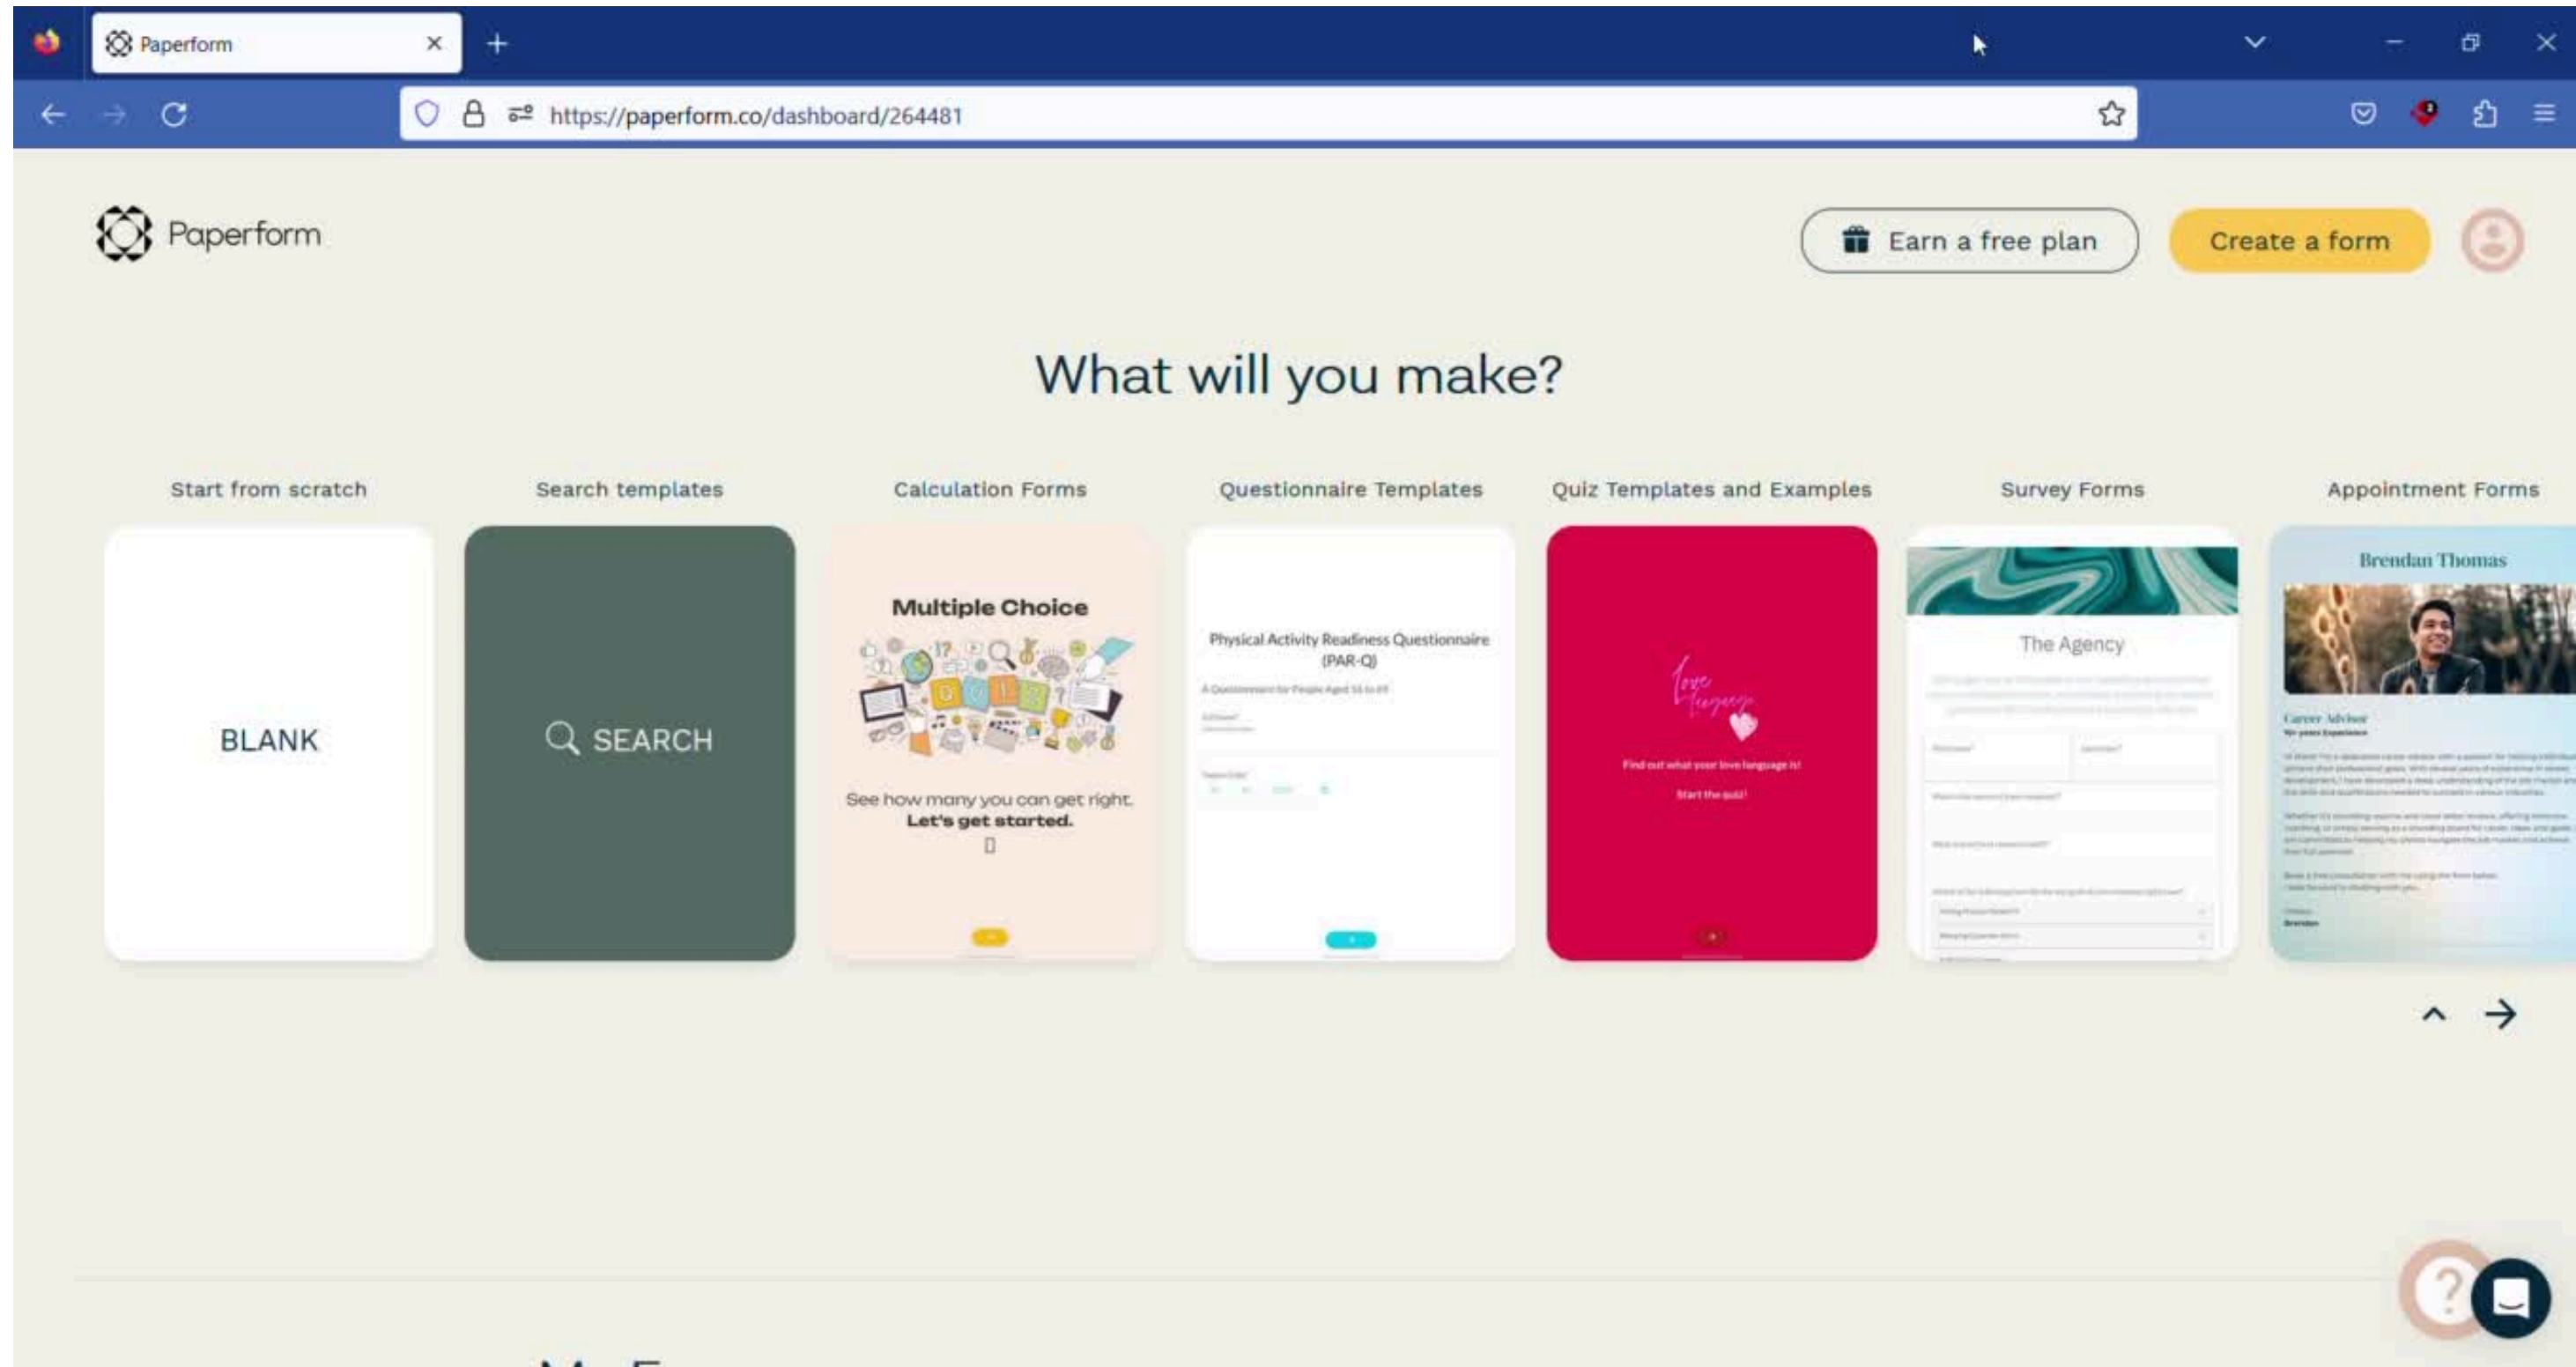

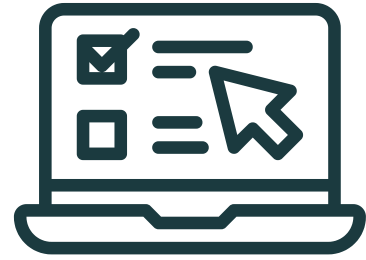

- Watch the video: [9-Steps approach to design online courses](#)
- Read the publication: ["The creation of brain-stimulating online learning content for a young migrant and refugee project"](#)

2

Create your questionnaire

Develop your questions and determine the logic that best suits your needs. Then implement your questionnaire:

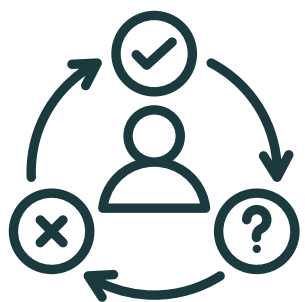

3

Create your Learning Planner

# Create a Learning Planner inside CLP Tool: Import course structure & questionnaire, then start setting up the rules:

The screenshot shows the RAISE Query Builder interface in a browser window. The browser address bar shows 'qb.sunshine.teachsurfing.com'. The page title is 'RAISE Query Builder'. The interface is divided into two main sections:

- Chapter overview:** A list of chapters with expandable sections:
  - Chapter A - Identify your skills, knowledge & attitudes
  - Chapter B - Develop your pedagogical skills
  - Chapter C - Enhance your communication and intercultural skills
  - Chapter D - Develop your marketing and networking skills
    - Unit D.1 Learning goals
      - Unit D.1.1 Use social media in your VE journey in order to engage people (highlighted in green)
      - Unit D.1.2 Find & communicate with host organisations (3 phases)
      - Unit D.1.3 Promoting your workshop to the public
    - Assignment D - Submit your workshop proposal (final)

- Build your Query:** A section for constructing a query. It features a dropdown menu currently set to 'AND', with '+RULE' and '+GROUP' buttons to the right. Below this is a text input field containing 'JSON logic (for development purposes only)' and a dropdown arrow.

In the bottom right corner of the interface, there is a green circular button with a refresh icon and a teal circular logo with the letters 'ts'.

4

Time to offer your target audience a personalized coaching.

After you integrated the questionnaire into your online content, the users can fill in the questionnaire and instantly get personalized learning plan:

The screenshot shows a web browser window with the URL `evelp-staging.teachsurfing.com/courses/become-a-volunteer-educator/`. The page features the e-VELP logo (Youth Volunteer Educators e-Learning Program) and a navigation menu with 'Events', 'Forum', 'Profile', and 'Logout'. The main content area contains a paragraph: "As a VE you create and offer a quality workshop with the purpose to share your knowledge, skills, or culture with diverse communities. e-VELP promotes your development in civil society as a two-way bridge between you as a young person with a diverse cultural background and different communities. e-VELP not only offers quality education to you but also helps you to expand your professional network by connecting with host organizations." Below this are three expandable sections: "+ YOUR BENEFITS", "+ THE COURSE CONTAINS", and "+ YOUR JOURNEY". On the right side, there is a video player showing two people in a workshop setting, with the text "In Progress" and a "CONTINUE" button below it. At the bottom, a blue chat icon and a teal 'ts' logo are visible.
